Statement from Harvest Ministries Limited

We are grateful to have received feedback from OSCR following its recent inquiry into Harvest Ministries Limited.

OSCR has identified areas where we can further strengthen our safeguarding governance and oversight. We accept the recommendations made by OSCR and will use them to inform and strengthen our ongoing work in these areas.

We are pleased that OSCR has recognised the steps already taken by the trustees to improve our safeguarding arrangements, including reviewing policies and procedures and obtaining external safeguarding advice.

We are pleased that OSCR has decided to close its inquiry, allowing the trustees time to consider and implement its recommendations. We will build on the work already undertaken and continue to strengthen our safeguarding governance and oversight.

Safeguarding remains a priority for Harvest Ministries Limited, and we are committed to ensuring that concerns are appropriately identified, recorded, assessed and managed through clear and accountable decision-making, with the welfare of vulnerable people and those at risk our primary consideration.

We will continue to work constructively through OSCR's recommendations and build on the improvements already underway, as part of our commitment to good governance, accountability and safeguarding.

Trustees, Harvest Ministries Ltd
